APPLICANT / PROJECT-SPECIFICATION

reference number

(to be filled in by the CM-Office: SHIP bzw. SNiP / Year / Nr.)

| | | / | |

**Application concerning delivery and use of data
and/ or
sample material of subjects of following study:**

„Study of Health in Pomerania" (SHIP-0 / SHIP-1)

„Survey of Neonates in Pomerania" (SNiP)

1.	Date of application / request
2.	Title of the project
3.	Accountable scientist Surname, first name: Organisation/ Institute: Street: Postal code, City: Telephone: Fax-No.: E-Mail:
4.	Participating scientists (each with surname, first name, institution, address)

<p>5.</p>	<p>Planned time frame of the project / of sample analysis / of using data</p> <p>Duration of the project / of using data (<i>Attention:</i> Data from SHIP / SNIp have to be deleted 5 years after the end of the project.)</p> <p>from (day, month, year): to (day, month, year):</p> <p>Duration of laboratory analysis (<i>Attention:</i> Residual sample material have to be returned to FVCM, immediately after the end of the analysis)</p> <p>from (day, month, year): to (day, month, year):</p>
<p>6.</p>	<p>Abstract (English, not less than one DIN A4 page)</p>
<p>a)</p>	<p>Scientific background/ primary and secondary objectives/ aims of the study</p>
<p>b)</p>	<p>Hypothesis, expressed quantitatively if possible</p>
<p>c)</p>	<p>Feasibility discussion (e. g. power analysis for minimal verifiable effect size and reason for required number of cases)</p>
<p>d)</p>	<p>Study design and methods</p>
<p>e)</p>	<p>Potential Conclusions / relevance of results for the Institute of Community Medicine / Pediatrics</p>

SAMPLE MATERIAL SPEZIFIKATION

7. Detailed description of subjects / cases for what sample material is requested for

1. In terms of logic operation of data conditions of SHIP/SNiP data set
for example: selection 1: IF parameter_1 = 1 AND parameter_2 = 0 THEN selection = 1)
2. Subject IDs of selected subjects have to be provided the CM transfer centre on data storage media.

8. Detailed description of each parameter that should be determined by the sample material, including applied preparation, preanalytics and special analytics

9. Kind and amount of requested sample material

Choice mark:		requested sample material	amount	unit	reason for requested amount of sample material
SHIP	SNiP				
		EDTA-Plasma			
		Citrat-Plasma			
		Serum			
		Erythrocytensuspension			
		DNA - SHiP			
		DNA - SNiP - Neonat			
		DNA - SNiP - Mother			

10. Resources of laboratory for analyzing samples and proof of technical requirements

(human resources, know-how, equipment, storage of sample material)

11. Specific sample material requirements

(Such as "Sample material must not have been thawed!" and similar)

DATA SPEZIFICATION	
12.	<p>Statistical resources for data analysis (human resources, know-how, software, equipment)</p>
13.	<p>Exact specification of variables required (Note: Each variable needs to be named separately Please sort by scope of analysis. A table of names of the variables on a Data storage media must be attached.)</p>
14.	<p>Exact specification of subjects whose data are requested (Note: In terms of logic operation of data conditions of SHIP/SNiP data set for example: selection 1: IF parameter_1 = 1 AND parameter_2 = 0 THEN selection = 1)</p>
Additional Information	
15.	<p>Eligible publications</p>
16.	<p>Further comments: The use of data an sample material is directed according to the following rules and arrangements: - „Regelungen der Medizinischen Fakultät der Ernst-Moritz-Arndt-Universität Greifswald zur Nutzung von Daten und Probenmaterial der Studien „Leben und Gesundheit in Vorpommern“ (SHIP) and „Survey of Neonates in Pomerania“ (SNiP)“ (Rules of the Medical Faculty of the Ernst Moritz Arndt University of Greifswald about use of data and sample material of the studies „Study of Health in Pomerania“ and “Survey of Neonates in Pomerania”) - Satzung der Medizinischen Fakultät vom 13.04.2010 (Constitution of the Medical Faculty of the Ernst Moritz Arndt University of Greifswald)</p> <p>The applicant/ applicants comply with the rules and assure to follow them</p>
