# Clinician Scientist Program

## Meeting the Challenges of Chronic Age-Related Diseases in Rural Areas

### Application Process

<table>
<thead>
<tr>
<th>Call for Abstracts</th>
<th>Pre-Selection</th>
<th>Presentations</th>
<th>Final Selection</th>
<th>Preparatory Phase</th>
</tr>
</thead>
<tbody>
<tr>
<td>National and international candidates are invited to hand in their written applications. Application guidelines are listed on the <a href="#">CSP website</a>.</td>
<td>Written applications are pre-selected for presentations by the Steering Committee and are each reviewed by an external specialist of the respective field of research.</td>
<td>Pre-selected candidates are invited to Greifswald to present their research projects to the Steering Committee.</td>
<td>The Scientific Advisory Board reviews the application process.</td>
<td>Based on the written application, candidates prepare detailed work plans in consultation with their individual project committees.</td>
</tr>
</tbody>
</table>

### Steering Committee

- The program’s central decision-making body responsible for candidate selection, program organisation and development

### Project Committees

- Mentors of each CS-Fellow

### Scientific Advisory Board

- External board of advisors responsible for the program’s strategic development and quality assurance
